

Punitive Expedition May Renew Hunt For Villista Outlaws

**Bandit Chief Reported Near Jimnize
Which Town Was Annihilated--Fear
He Will Again Attack The Border**

LANSING REPLIES TO CARRANZA NOTE

Washington, July 7.—(By United Press)—General Pershing's punitive column will not only remain within Mexico "for the time being," but may even be sent further south to take a whack at the Villa band, which it is reported has practically annihilated the town Jimnize Wednesday. This was learned on high authority today following formal announcement sent by Mexican Ambassador Arredondo to the state department.

Will Watch Border Closely

Embassador Arredondo acting upon instructions from Mexico City, notified the state department that the Villistas band was attacking the Carranza garrison in the state of Chihuahua and had almost destroyed it. Fearing that the band will attack the American forces, General Carranza had notified the state department to have the border watched closely to prevent such a raid. Carranza promised to his utmost on the Mexican side to prevent such an attempt.

Declaring "the government of the United States is prepared to meet and exchange views as to the practical plan to remove finally a recurrence of the difficulties which have been the cause of controversy," Secretary of State Lansing dispatched to the Mexican Ambassador Arredondo today in reply to General Carranza's note of July 4th.

Reports were received that Villa was moving north with considerable forces. Secretary Baker said this afternoon that he had received similar stories from the border, but had not however received Arredondo's report of the fighting until he had returned from a cabinet meeting. The cabinet determined that the situation does not warrant the withholding of any of the militia now in the state camps, or changing the program in replacing them by an increase of the regular army.

PUBLIC KITCHENS IN BERLIN.

Amsterdam, July 7.—A complete system for the communal feeding of the population of Berlin is to be put into operation today, according to late advices from the German capital. During the past winter public kitchens for the feeding of the poor have been maintained and the plan of issuing tickets for staple articles of food had been steadily widened in scope to meet the necessities arising from the shortage of supply and consequent high prices. The new system will be carried out on a much more comprehensive scale and will provide for the daily distribution of food to practically all classes of the population. The distribution is to be made from public kitchens conveniently located in all sections of the city. The whole scheme, when completed, will cost \$500,000.

MARINES EXPECTED TO ENTER SAN DIEGO TODAY

Washington, July 7.—(By United Press)—United States marines expected to enter San Diego, San Domingo last night or this morning without opposition, a radio message to the Navy department from Admiral Caperton said. Dominicans were reported quiet. The navy department believes there will be no more fighting.

PARTY AT COUNTRY CLUB

Miss Kathryn Dyer was hostess at a delightful luncheon and auction bridge yesterday at one o'clock at the Clearfield-Curwensville Country club in honor of Mrs. G. Webb Shillingford's guests, Miss Esther Knapp and Mrs. Beebe. Covers were laid for twelve. After luncheon progressive bridge was played and Mrs. William Ganoe won the prize.

FIREMEN!

Regular meeting Clearfield Fire Department this (Friday) evening in No. 1 hall. All firemen should attend.

DEMENTED MAN COMES BACK TO SCENE OF CRIME

**County Officials Arrest Italian
Charged With Murdering a
Man Nine Years Ago**

SHOOTING PREYS ON MIND

As the result of numerous complaints that had come from Morristown regarding the behavior of an Italian by the name of Tony Chirillo, was taken in custody yesterday. The complaints stated that the Italian had been acting crazy and had terrorized the entire neighborhood. The mental condition of the man and his actions have been such as to cause great apprehension among some of the inhabitants of that town, it being feared that he would kill some of them when he was on a rampage.

It is stated that quite often he had chased some of his relatives around with a butcher knife and only strong repressive measures prevented him from murder. Yesterday County Detective Jeffreys and Sheriff McCloskey motored to Morristown and took the Italian into custody. When the officers arrived the funeral of a young Beveridge boy, who died as the result of an accidental shooting July Fourth, was being held, and as the Beveridge family lived almost across from the Italian, the officers waited until after the funeral party had left the house. The Italian was sitting on the porch when the officers approached him. He did not want to go with them, and put up a hard struggle to evade arrest, but he was overpowered and carried to the automobile, being landed safely in jail at Clearfield.

The man is 43 years of age, and according to the facts ascertained, he killed a compatriot at Morristown nine years ago last month. The killing was the result of a quarrel over a card game. The slayer made his escape following the shooting and wandered through the west for eight years. It is believed that the killing preyed on his mind and he eventually drifted back to the scene of his crime. The man slain is said to have been a hard customer and as it was a question regarding the facts nothing was done with Chirillo when he returned. He was in a poor mental condition as the result of worry, and it is stated that he often was seen late at night at the place where the shooting took place. At first he was not violent, but gradually his condition became worse and various complaints were lodged in regard to his behavior with the district attorney. Mr. Welch directed that the Italian be arrested and it is likely that he will be sent to an insane asylum.

The bridesmaid, Miss Willa Waite, wore a handsome gown of old blue taffeta and a large hat of the same color, a corsage bouquet of pink roses also adorning the corsage. Mr. Richard Steele, a nephew of the groom acted as groomsman.

After hearty congratulations had been extended, the bride and groom left town by automobile for Williamsport on a honeymoon trip to Philadelphia, Atlantic City and Newark, N. J., expecting to be absent ten days, and upon their return will reside in Clearfield.

The bride is a young lady of winning personality and great depth of character, and is highly esteemed by many warm friends. She was the recipient of many beautiful gifts, consisting mostly of silver and linen. The bridegroom, a son of Mrs. Augusta Wallin, also of this city, is a young man of sterling qualities and is an employee of the Prudential Insurance Company with location in Clearfield.

The excellent young people carry with them into their new life the best wishes of a host of friends.

BUFFALO PREPARES FOR SHRINERS.

Buffalo, July 7.—The red fez worn by the Nobles of the Mystic Shrine will be much in evidence in Buffalo next week, when the imperial council of the order will meet in annual convocation. The gathering will bring together at least 100,000 Shriner and probably an equal number of other visitors. Every section of the United States and Canada will be represented.

The local arrangements for the reception and entertainment of the visitors are of the most perfect and elaborate character. A wide variety of outdoor entertainment will be provided in the program. In addition to the great street parade, the exhibition drills and other features that have attended similar gatherings in the past there will be a great outdoor pageant and daily sightseeing trips to points of interest in Buffalo and vicinity. Free excursions will be provided for the visitors to Niagara Falls, the mammoth hydro-electric plants in the vicinity, and to the great Canadian military training camp just across the border.

CAMP FIRE GIRLS ATTEND A "WEENIE RAY"

The Camp Fire Girls and their friends held a fine "Weenie Ray" last evening on Coal Hill. Long sticks were secured and weenies were stuck on the end and roasted in a large bonfire and then put on buns which they all enjoyed.

WOMAN'S CLUB PICNIC

The Woman's Club will hold a picnic at New Sunnyside Park. Friday July 11, will be a most enjoyable day having a most successful picnic. A number of the club members are expected to attend.

WILD RUMORS OF TROOP TRAINS IN CIRCULATION

**Progress Will be Advised of
Any Troop Trains Com-
ing This Way**

WILL NOTIFY THE PUBLIC

The First cavalry regiment including the Sheridan troops of Tyrone, which was scheduled to pass through here this morning, was sent to the Mexican border by another route, the plans being changed just a short time before starting. No word could be secured before late this morning of the movements, but according to the morning papers the regiment was sent by the way of Philadelphia.

Another rumor which was widely circulated this afternoon said that a regiment was scheduled to pass through here tomorrow morning about ten o'clock, coming the same way as the eighteenth regiment on Wednesday, but little stock can be taken in such reports. The report was supposed to have come from the trainmaster of the N. Y. C. yards here who said he had the special scheduled to arrive here about ten o'clock.

The railroad officials are not allowed to make any statement of the troop movements from Mt. Gretna and for this reason it is impossible to secure any authentic report of troops coming by the way of Williamsport and Clearfield. The Progress office will be advised of any troops coming through Clearfield as soon as they have reached Williamsport, which will give the people ample time to arrange for a befitting reception and to prepare a light lunch for the soldiers.

If we receive authentic information of any troop trains coming through here it will be flashed on the Progress bulletin board in front of the office on Market street.

DEATH AND DESTRUCTION ACCOMPANY GOLF STORM

Wireless Communications Are Established With Mobile and Pensacola

New Orleans, July 7.—(By United Press)—Death and destruction accompanied the heavy golf storm that swept over Mobile, Pensacola, Biloxi and many other towns. Today, with its force partially abated, it is moving inland, and seems to be centering in the vicinity of Vicksburg. Wireless communications were established with Mobile and Pensacola today.

The department reports further that in Biloxi city that 80 persons were missing, and a number were known to be drowned. In the storm area, the value of property destroyed will be above a million dollars. In Mobile the loss will be a quarter of a million.

Four persons, two of them whites were known to be lost in Mobile. At Biloxi, Ala., it is said that 17 negroes were killed. A number of small ships are missing one schooner with 20 of a crew from New Orleans to Progression, Mexico, is two days overdue. Another schooner with 16 on board has not been heard from. Five fishing smacks out from Chandler, Miss., each with a crew of 6 are missing. Eleven fishing parties in small boats out from islands near Mobile have not returned.

BIG BASEBALL GAME AT THE PARK TOMORROW

N. Y. C. and Houtdale Will Fight for Championship of County.

The N. Y. C. baseball team will play the strong Houtdale team tomorrow afternoon at the Clearfield Driving Park in a contest of a series of games for the championship of the county. The Houtdale team is considered to be one of the best in the section and tomorrow game is expected to be one of the best of the season.

The N. Y. C. team is an experienced team and will be a hard proposition to beat. The Houtdale team is a new team and will be a hard proposition to beat. The game is expected to be a close one.

6 cakes P. & G. Soap for 25 cents at the Workman's Cash Grocery.

VOTING CLOSE AND HEAVY IN GREAT CONTEST

**Contenders For The Progress
Awards Making Big Gains
In The Popular Race**

MANY VOLUNTARY "SUBS"

A WORD TO YOU

We wish to make it clear to all of our subscribers, and others who are interested in the popular automobile contest of the Progress, that the great campaign is now nearing the end and that the winners will soon be known. Those who expect to turn in their subscriptions to the vote credit of their favorite candidates and who have not yet done so, should as far as possible attend to the matter this evening or tomorrow. The subscriptions will produce more votes now than if turned in later, as the voting schedule reduces after tomorrow evening. The contest department of the Progress office will be open for business this evening until 9 and tomorrow evening until 10 o'clock. Subscriptions may be turned in direct to this office and the votes will be credited to the contestants designated.

Promptly at 10 o'clock tomorrow night the voting in the first period of the Progress great automobile contest will be declared closed and with the finish of this first division of the big enterprise will come a mighty move in the voting that will, in a large measure, determine the winners of the many splendid and highly valuable prizes offered by the Progress. This time the steadily been looked forward to for the past several weeks by all of the many active and ambitious subscription getters, who are bending every effort towards the winning of the fine Overland automobile as their goal, they have been planning and campaigning during the weeks in such an active manner that these efforts are sure to bring an avalanche of subscriptions and votes before the clock strikes 10 on Saturday evening.

Of course this is not the end of the voting for the finish of the entire contest will come on July 22—just two weeks from tomorrow evening—but in many ways the ending of this first part of the contest will be just as important as the end of the campaign. The principal feature for everyone to keep in mind at this time is that the subscriptions are good for more votes this week than they will be good for at any other time of the contest. We have emphasized this matter and have tried to make it clear to all, for a number of persons have asked us if there would be any change in the voting schedule during the last two weeks of the contest of any offers of greater votes or special votes during that time. To all such inquiries we have given the same answer that the voting schedules as arranged and announced for the two voting periods of the campaign will remain exactly as announced, that there positively will be no offer of a greater number of votes or any alteration of the schedule and that subscriptions of any length will produce a greater number of votes today and tomorrow than at any other time that remains of the contest.

Bonuses and Extensions

In connection with the above it will be well to remember also that there will be considerable reduction in the number of votes issued on the subscription basis during the last period of the voting, as well as the reduction on the regular vote issued on the subscription basis. Starting next Monday the four ballots of the contest of subscribers will be for 12000 votes instead of the 15000 vote that they now give.

N. Y. Authorities Trying to Stamp Out Infantile Paralysis

**Close all Play Grounds and Streets in
Final Effects to Stop Epidemic--22
Deaths are Reported Today**

EIGHTY SEVEN NEW CASES DEVELOP

ALLIES RENEW BIG OFFENSIVE

**Are Victorious in the Day's
Fighting Everywhere.**

(United Press Staff Correspondent)
London, July 7.—The British troops resumed their great offensive against the Germans at dawn today, smashing against the German lines. At La Boisselle, 1,000 yards of German trenches were taken.

There was a lull in the fighting on the French front on both sides of the Somme and continued throughout the night, according to French statements and that there were no important changes. The town of Lure was bombarded by German aerial squadrons which killed 11 women and wounded three children. "The French reserve reprisals until later" the war office announced. Germany and Great Britain have agreed to exchange civilian prisoners, dispatches from Copenhagen state.

Germans Abandon Lines

Berlin, July 7.—(By United Press)—The German troops have abandoned several lines in the region of Caumont in Volhynia under attack by superior Russian forces, it was officially admitted today. West of Kolki and on both sides of Sokul, Russian attacks were repulsed with heavy losses.

Severe fighting is going on both north and south of the Somme where the allies have assumed their offensive, the war office announced. Lively engagements occurred south of Comblain near Hem and around the village of Elzevres.

All Germany Will Honor Count Zeppelin on His 80th Birthday

Amsterdam, July 7.—Count Ferdinand von Zeppelin will enter upon his eightieth year tomorrow and the occasion is to be observed with celebrations in all parts of Germany, according to despatches from Berlin. Count von Zeppelin himself will have little or no part in the celebration of his birthday anniversary. Since the beginning of the war he has been left the Zeppelin works at Lake Constance, where he has worked almost day and night planning and superintending the building of the huge airships which the Germans have employed in their raids on England. How many of these airships have been constructed since the beginning of the war will probably never be known to the public until after the great conflict is ended. It is known, however, that the fleet has steadily increased in number despite the fact that many have been destroyed in the raids on British Isles. There is also evidence to show that the Zeppelins have increased in size and efficiency during the past months. According to recent reports from Berlin the airships now in use will be fifty per cent. larger than the Zeppelins now in service. The new Zeppelins are a prominent feature in the fighting power and organization of the German air force and are capable of carrying a large quantity of explosive material and a strong crew of men.

Count von Zeppelin made his first flight in the United States. At 25 years of age, as a lieutenant of cavalry, he was Wurzburg's military attaché and observer with the Union army in the American civil war, joining the army of the Mississippi, or was attached to Gen. Carl Schurz's brigade. It was then that he had his first taste of aeronautics. He went up in a balloon sent up by the Federal army to spy out the positions of the Confederates. Zeppelin not only volunteered, but begged to be permitted to go up. His request was granted and during the remainder of his service with the Federal army he made numerous balloon ascensions.

When he returned to Germany at the close of the American conflict he was imbued with a strong taste for aeronautics and it is said that even at that early day he already dreamed of navigating the air in a dirigible balloon. Many years were to lapse, however, before he could begin the practical execution of his plans. He distinguished himself in the war with Austria in 1866 as he Franco-Prussian war four years later, an officer of a Prussian army regiment.

It is not generally known that Count von Zeppelin made his first flight in the United States. At 25 years of age, as a lieutenant of cavalry, he was Wurzburg's military attaché and observer with the Union army in the American civil war, joining the army of the Mississippi, or was attached to Gen. Carl Schurz's brigade. It was then that he had his first taste of aeronautics. He went up in a balloon sent up by the Federal army to spy out the positions of the Confederates. New Peas 10 cents per lb., at the Workman's Cash Grocery.

WANTS SCHOOLS TO TEACH
RESPECT FOR WORKING MEN

New York, July 7.—(By United Press)—The Gary plan of school administration, the obligation of educational systems to union labor and peace had their innings in the discussions of the National Education association meeting here today.

William A. Wirt, superintendent of the city schools of Gary, Ind., discussed the Gary plan as organized in his home city and as administered in twelve of the leading public schools in the Bronx, New York City. The Gary plan, he declared, has extended in some form or other to most of the leading city school systems in the country.

Samuel Gompers, president of the American federation of labor, advocated training in the schools for efficient work and the teaching in the schools of the doctrine of respect for the rights of the man who carries a dinner pail. Dr. John Dewey, professor of education Columbia university, addressed the association on "Nationalizing Education." Simeon D. Fess, member of congress from Ohio, advocated the establishment of a national university at Washington. One of the really belligerent meetings is the meeting of the American school peace league. Fanny Fern Andrews, secretary of the league, insists that public school training must finally make for peace at any price. Delegates to the peace league and prominent educators who are guests at the annual banquet in the Hotel Astor differ as to the educational program to best lead to the establishment of peace with honor.

"The formation of an effective world peace court, so nearly accomplished at the second Hague conference, declared Miss Fern Andrews, 'should be emphasized as an ideal for which the world has hoped and waited.'"

WOMAN'S EXCHANGE

The Woman's Exchange will hold its regular weekly food sale Saturday July 8th from one until five o'clock p. m. in the Woman's club house at 325 East Market street. J. 6-21.

KEEP URIC ACID
OUT OF JOINTSTells Rheumatism Sufferers to Eat
Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia water drink which helps overcome uric acid and is beneficial to your kidneys as well.

MISSIONARY EDUCATION CONFERENCE

Silver Bay, N. Y., July 7.—The fifteenth annual session of the Silver Bay conference of the Missionary Education opened today with an a. Sunday School and a class of people from all the eastern states and Canada. The conference program covers ten days and provides for thirty missionary courses of an hour each day, giving normal training in the history of missions as adapted to different ages and also expert instruction about missionary fields, with particular attention to south America.

VOTING CLOSE
AND HEAVY IN
GREAT CONTEST

(Continued From Page One)

urday. Every candidate should set his or her aim to get at least five or six of these club ballots during the first period and in fact it is very likely that a number of the candidates will have an even greater number, for the long term subscriptions are coming in now and these together with the extensions on new subscriptions already turned in during the contest will soon make up many of the \$30.00 clubs. The more votes that any candidate secures at this time the better will be their chances of final victory in the campaign and the best efforts put into the work now will not be regretted later on. However those who use halfway measures in their campaigns during these winning days will surely regret neglected opportunities when it is too late. Will you, or your candidate, be one to regret a wasted chance or will it be your portion to celebrate a splendid victory and extraordinary honors when the last ballot is cast and the winners are known?

CLEARFIELD, PENNA.HE'S GOING TO
RETURN TO HIS
WORK, HE SAYS

Arthur Jones is Now Well Man Made
So By Tanlac

Arthur Jones, harness maker, living at 118 E. 17th street, Erie, Pa., made the following interesting statement regarding the remarkable benefits he received from Tanlac, Mr. Jones said:

"I have suffered greatly from stomach trouble, and catarrh of the head and throat. My condition grew so bad that I have found myself in no shape to work for several months."

"I had no appetite and whatever I ate caused gas to form on my stomach and a sickening feeling followed. My nerves were all out of sorts, and I was generally run down, so much so that I couldn't sleep much at night, but have come awake for hours at a time. I could not sleep too, and my condition worried me no little."

"I saw Tanlac advertised in the papers and heard some friends talking about it. I got some of the medicine and have taken it for about two or three weeks. The first dose of Tanlac helped me and I have improved steadily ever since."

"I can now sleep good at night, I have a good appetite and I suffer no more stomach trouble or catarrh. I am a well man, and I owe it all to Tanlac. I am going to return to my work in a few days. That is what Tanlac did for me."

Tanlac is now sold in Clearfield, exclusively by Woodward & McPherson, where the premier preparation can be had.

New Peas 10 cents per lb., at the Workman's Cash Grocery.

WANTS SCHOOLS TO TEACH
RESPECT FOR WORKING MEN

New York, July 7.—(By United Press)—The Gary plan of school administration, the obligation of educational systems to union labor and peace had their innings in the discussions of the National Education association meeting here today.

William A. Wirt, superintendent of the city schools of Gary, Ind., discussed the Gary plan as organized in his home city and as administered in twelve of the leading public schools in the Bronx, New York City. The Gary plan, he declared, has extended in some form or other to most of the leading city school systems in the country.

Samuel Gompers, president of the American federation of labor, advocated training in the schools for efficient work and the teaching in the schools of the doctrine of respect for the rights of the man who carries a dinner pail.

Dr. John Dewey, professor of education Columbia university, addressed the association on "Nationalizing Education." Simeon D. Fess, member of congress from Ohio, advocated the establishment of a national university at Washington. One of the really belligerent meetings is the meeting of the American school peace league. Fanny Fern Andrews, secretary of the league, insists that public school training must finally make for peace at any price. Delegates to the peace league and prominent educators who are guests at the annual banquet in the Hotel Astor differ as to the educational program to best lead to the establishment of peace with honor.

"The formation of an effective world peace court, so nearly accomplished at the second Hague conference, declared Miss Fern Andrews, "should be emphasized as an ideal for which the world has hoped and waited."

WOMAN'S EXCHANGE

The Woman's Exchange will hold its regular weekly food sale Saturday July 8th from one until five o'clock p. m. in the Woman's club house at 325 East Market street. The following articles will be on sale. Home made bread, potatoe buns, pies, angel food, chocolate and nut cakes, potatoe salad, candies and cookies. The sale of beautiful fancy work including a complete line of fillet work, infants wear, hand painted china, and place cards and an assortment of fancy and useful aprons is going on daily in the club house from one until five p. m. J. 6-2t.

KEEP URIC ACID
OUT OF JOINTSTells Rheumatism Sufferers to Eat
Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well-known authority. "We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat but drink plenty of good water."

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine (the pores of the skin are also a means of freeing the blood of this impurity). In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent, lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

MISSIONARY EDUCATION CONFERENCE.

Silver Bay, N. Y., July 7.—The fifteenth annual session of the Silver Bay conference of the Missionary Education Movement opened today with an attendance of clergymen, Sunday School superintendents, missionary workers, study-class leaders and Christian young people from all the eastern states and Canada. The conference program covers ten days and provides for thirty missionary courses of an hour each day, giving normal training in the history of missions as adapted to different ages and also expert instruction about missionary fields, with particular attention to South America.

WANTED—Male distributors Good pay. Distribute free samples, tack signs, etc. Send stamp. New York Distributing Co., 295 5th Ave. New York, N. Y. J. 6-6t.

VOTING CLOSE
AND HEAVY IN
GREAT CONTEST

(Continued From Page One)

urday. Every candidate should set his or her aim to get at least five or six of these club ballots during the first period and in fact it is very likely that a number of the candidates will have an even greater number, for the long term subscriptions are coming in now and these together with the extensions on new subscriptions already turned in during the contest will soon make up many of the \$30.00 clubs. The more votes that any candidate secures at this time the better will be their chances of final victory in the campaign and the best efforts put into the work now will not be regretted later on. However those who use halfway measures in their campaigns during these winning days will surely regret neglected opportunities when it is too late. Will you, or your candidate, be one to regret a wasted chance or will it be your portion to celebrate a splendid victory and extraordinary honors when the last ballot is cast and the winners are known?

CLEARFIELD, PENNA.HE'S GOING TO
RETURN TO HIS
WORK, HE SAYS

Arthur Jones is Now Well Man Made
So By Tanlac

Arthur Jones, harness maker, living at 118 E. 17th street, Erie, Pa., made the following interesting statement regarding the remarkable benefits he received from Tanlac. Mr. Jones said: "I have suffered greatly from stomach trouble, and catarrh of the head and throat. My condition grew so bad that I have found myself in no shape to work for several months. I had no appetite and whatever I ate caused gas to form on my stomach and a sickening feeling followed. My nerves were all out of sorts, and I was generally run down, so much so that I couldn't sleep much at night, but have remained awake for hours at a time. I needed the sleep too, and my condition worried me no little."

"I saw Tanlac advertised in the papers and heard some friends talking about it. I got some of the medicine and have taken it for about two or three weeks. The first dose of Tanlac helped me and I have improved steadily ever since."

"I can now sleep good at night, I have a fine appetite and I suffer no more stomach trouble or catarrh. I am a well man, and I owe it all to Tanlac. I am going to return to my work in a few days. That is what Tanlac did for me."

Tanlac is now sold in Clearfield, exclusively by Woodward & McPherson, where the premier preparation can be had.

All Germany Will Honor
Count Zeppelin on His

(Continued From Page One)

nature of Zeppelin's misfortunes
loomed large in the public mind, and
it was only the German military and
scientific experts who continued to
have faith in his invention.

While the German scientific organs
proclaimed each new Zeppelin a
triumph, the weight of expert opin-
ion in England was on the other side.
At the beginning of the present war
the English were inclined to laugh at
the idea of a Zeppelin raid. The pos-
sibility of such a thing was ridiculed
by even the foremost of English avi-
ation experts, some of them still con-
tended that "a balloon can not be
steered in the air because of the ab-
sence of that denser medium for the
rudder which the water provides in
the case of a ship."

Grocery.

A SPECIAL

Gossard Corset FOR MOTORING

Since every woman rides in an auto sometime or other, this new
Summer Gossard model is almost a necessity. It was designed to
give you comfort on the longest auto ride you might ever take. It
will not slip up on the body, because it has just enough waist line to
keep it where it belongs. The skirt is not long—the elastics (there
are six of them) are stout and filled with fine rubber. The top of the
corset lets the flesh above the waist line rest in the corset—the bust
line is rather low. Only a long ride in an auto can make you fully
appreciate the comfort and coolness of this special. You would
never know you had a corset on if your figure did not appear so
graceful and well-proportioned.

This model is here in all sizes and we can send yours to you at
once, or you may be fitted if you like at \$3.00.

A. W. Leonardson Company

Punitive Expedition May Renew Hunt For Villista Outlaws

**Bandit Chief Reported Near Jimnize
Which Town Was Annihilated--Fear
He Will Again Attack The Border**

LANSING REPLIES TO CARRANZA NOTE

Washington, July 7.—(By United Press)—General Pershing's punitive column will not only remain within Mexico "for the time being," but may even be sent further south to take a whack at the Villa band, which it is reported has practically annihilated the town Jimnize Wednesday. This was learned on high authority today following formal announcement sent by Mexican Ambassador Arredondo to the state department.

Will Watch Border Closely

Embassador Arredondo acting upon instructions from Mexico City, notified the state department that the Villistas band was attacking the Carranza garrison in the state of Chihuahua and had almost destroyed it. Fearing that the band will attack the American forces, General Carranza had notified the state department to have the border watched closely to prevent such a raid. Carranza promised to his utmost on the Mexican side to prevent such an attempt.

Declaring "the government of the United States is prepared to meet and exchange views as to the practical plan to remove finally a recurrence of the difficulties which have been the cause of controversy," Secretary of State Lansing dispatched to the Mexican Ambassador Arredondo today in reply to General Carranza's note of July 4th.

Reports were received that Villa was moving north with considerable forces. Secretary Baker said this afternoon that he had received similar stories from the border, but had not however received Arredondo's report of the fighting until he had returned from a cabinet meeting. The cabinet determined that the situation does not warrant the withholding of any of the militia now in the state camps, or changing the program in replacing them by an increase of the regular army.

PUBLIC KITCHENS IN BERLIN.

Amsterdam, July 7.—A complete system for the communal feeding of the population of Berlin is to be put into operation today, according to late advices from the German capital. During the past winter public kitchens for the feeding of the poor have been maintained and the plan of issuing tickets for staple articles of food had been steadily widened in scope to meet the necessities arising from the shortage of supply and consequent high prices. The new system will be carried out on a much more comprehensive scale and will provide for the daily distribution of food to practically all classes of the population. The distribution is to be made from public kitchens conveniently located in all sections of the city. The whole scheme, when completed, will cost \$500,000.

MARINES EXPECTED TO ENTER SAN DIEGO TODAY

Washington, July 7.—(By United Press)—United States marines expected to enter San Diego, San Domingo last night or this morning without opposition, a radio message to the Navy department from Admiral Caperton said. Dominicans were reported quiet. The navy department believes there will be no more fighting.

PARTY AT COUNTRY CLUB

Miss Kathryn Dyer was hostess at a delightful luncheon and auction bridge yesterday at one o'clock at the Clearfield-Curwensville Country club in honor of Mrs. G. Webb Shillingford's guests, Miss Esther Knapp and Mrs. Beebe. Covers were laid for twelve. After luncheon progressive bridge was played and Mrs. William Ganoe won the prize.

FIREMEN!

Regular meeting Clearfield Fire Department this (Friday) evening in No. 1 hall. All firemen should attend.

A. P. SPANGLER, Sec.

DEMENTED MAN COMES BACK TO SCENE OF CRIME

**County Officials Arrest Italian
Charged With Murdering a
Man Nine Years Ago**

SHOOTING PREYS ON MIND

As the result of numerous complaints that had come from Morristown regarding the behavior of an Italian by the name of Tony Chirillo, was taken in custody yesterday. The complaints stated that the Italian had been acting crazy and had terrorized the entire neighborhood. The mental condition of the man and his actions have been such as to cause great apprehension among some of the inhabitants of that town, it being feared that he would kill some of them when he was on a rampage.

It is stated that quite often he had chased some of his relatives around with a butcher knife and only strong repressive measures prevented him from murder. Yesterday County Detective Jeffreys and Sheriff McCloskey motored to Morristown and took the Italian into custody. When the officers arrived the funeral of a young Beveridge boy, who died as the result of an accidental shooting July Fourth, was being held, and as the Beveridge family lived almost across from the Italian, the officers waited until after the funeral party had left the house. The Italian was sitting on the porch when the officers approached him. He did not want to go with them, and put up a hard struggle to evade arrest, but he was overpowered and carried to the automobile, being landed safely in jail at Clearfield.

The man is 43 years of age, and according to the facts ascertained, he killed a compatriot at Morristown nine years ago last month. The killing was the result of a quarrel over a card game. The slayer made his escape following the shooting and wandered through the west for eight years. It is believed that the killing preyed on his mind and he eventually drifted back to the scene of his crime. The man slain is said to have been a hard customer and as it was a question regarding the facts nothing was done with Chirillo when he returned. He was in a poor mental condition as the result of worry, and it is stated that he often was seen late at night at the place where the shooting took place. At first he was not violent, but gradually his condition became worse and various complaints were lodged in regard to his behavior with the district attorney. Mr. Welch directed that the Italian be arrested and it is likely that he will be sent to an insane asylum.

The bridesmaid, Miss Willa Waite, wore a handsome gown of old blue taffeta and a large hat of the same color, a corsage bouquet of pink roses also adorning the corsage. Mr. Richard Steele, a nephew of the groom acted as groomsmen.

After hearty congratulations had been extended, the bride and groom left town by automobile for Williamsport on a honeymoon trip to Philadelphia, Atlantic City and Newark, N. J., expecting to be absent ten days, and upon their return will reside in Clearfield.

The bride is a young lady of winning personality and great depth of character, and is highly esteemed by many warm friends. She was the recipient of many beautiful gifts, consisting mostly of silver and linen. The bridegroom, a son of Mrs. Augusta Wallin, also of this city, is a young man of sterling qualities and is an employee of the Prudential Insurance Company with location in Clearfield.

The excellent young people carry with them into their new life the best wishes of a host of friends.

BUFFALO PREPARES FOR SHRINERS.

Buffalo, July 7.—The red fez worn by the Nobles of the Mystic Shrine will be much in evidence in Buffalo next week, when the imperial council of the order will meet in annual convocation. The gathering will bring together at least 100,000 Shriner and probably an equal number of other visitors. Every section of the United States and Canada will be represented.

The local arrangements for the reception and entertainment of the visitors are of the most perfect and elaborate character. A wide variety of outdoor entertainment will be provided in the program. In addition to the great street parade, the exhibition drills and other features that have attended similar gatherings in the past there will be a great outdoor pageant and daily sightseeing trips to points of interest in Buffalo and vicinity. Free excursions will be provided for the visitors to Niagara Falls, the mammoth hydro-electric plants in the vicinity, and to the great Canadian military training camp just across the border.

CAMP FIRE GIRLS ATTEND A "WEENIE RAY"

The Camp Fire Girls and their friends held a fine "Weenie Ray" last evening on Coal Hill. Long sticks were secured and weenies were stuck on the end and roasted in a large bonfire and then put on buns which they all enjoyed.

WOMAN'S CLUB PICNIC

The Woman's Club will hold a picnic at New Sunnyside Park. Friday July 11, will be a most enjoyable day. A picnic supper will be served at the Dining Room. All members are requested to attend.

WILD RUMORS OF TROOP TRAINS IN CIRCULATION

**Progress Will be Advised of
Any Troop Trains Com-
ing This Way**

WILL NOTIFY THE PUBLIC

The First cavalry regiment including the Sheridan troops of Tyrone, which was scheduled to pass through here this morning, was sent to the Mexican border by another route, the plans being changed just a short time before starting. No word could be secured before late this morning of the movements, but according to the morning papers the regiment was sent by the way of Philadelphia.

Another rumor which was widely circulated this afternoon said that a regiment was scheduled to pass through here tomorrow morning about ten o'clock, coming the same way as the eighteenth regiment on Wednesday, but little stock can be taken in such reports. The report was supposed to have come from the trainmaster of the N. Y. C. yards here who said he had the special scheduled to arrive here about ten o'clock.

The railroad officials are not allowed to make any statement of the troop movements from Mt. Gretna and for this reason it is impossible to secure any authentic report of troops coming by the way of Williamsport and Clearfield. The Progress office will be advised of any troops coming through Clearfield as soon as they have reached Williamsport, which will give the people ample time to arrange for a befitting reception and to prepare a light lunch for the soldiers.

If we receive authentic information of any troop trains coming through here it will be flashed on the Progress bulletin board in front of the office on Market street.

DEATH AND DESTRUCTION ACCOMPANY GOLF STORY

Wireless Communications Are Established With Mobile and Pensacola

New Orleans, July 7.—(By United Press)—Death and destruction accompanied the heavy golf story that swept over Mobile, Pensacola, Biloxi and many other towns. Today, with its force partially abated, it is moving inland, and seems to be centering in the vicinity of Vicksburg. Wireless communications were established with Mobile and Pensacola today.

The department reports further that in Biloxi city that 80 persons were missing, and a number were known to be drowned. In the storm area, the value of property destroyed will be above a million dollars. In Mobile the loss will be a quarter of a million.

Four persons, two of them whites were known to be lost in Mobile. At Biloxi, Ala., it is said that 17 negroes were killed. A number of small ships are missing one schooner with 20 of a crew from New Orleans to Progression, Mexico, is two days overdue. Another schooner with 16 on board has not been heard from. Five fishing smacks out from Chandler, Miss., each with a crew of 6 are missing. Eleven fishing parties in small boats out from islands near Mobile have not returned.

BIG BASEBALL GAME AT THE PARK TOMORROW

N. Y. C. and Houtdale Will Fight for Championship of County.

The N. Y. C. baseball team will play the strong Houtdale team tomorrow afternoon at the Clearfield Driving Park in a contest of a series of games for the championship of the county. The Houtdale team is considered to be one of the best in the section and tomorrow game is expected to be one of the best of the season.

The N. Y. C. team is an exciting team and will be a hard proposition to beat. The Houtdale team is a favorite of the fans and will be a hard proposition to beat. The game is expected to be a close one.

6 cakes P. & G. Soap for 25 cents at the Workman's Cash Grocery.

VOTING CLOSE AND HEAVY IN GREAT CONTEST

**Contenders For The Progress
Awards Making Big Gains
In The Popular Race**

MANY VOLUNTARY "SUBS"

A WORD TO YOU

We wish to make it clear to all of our subscribers, and others who are interested in the popular automobile contest of the Progress, that the great campaign is now nearing the end and that the winners will soon be known. Those who expect to turn in their subscriptions to the vote credit of their favorite candidates and who have not yet done so, should as far as possible attend to the matter this evening or tomorrow. The subscriptions will produce more votes now than if turned in later, as the voting schedule reduces after tomorrow evening. The contest department of the Progress office will be open for business this evening until 9 and tomorrow evening until 10 o'clock. Subscriptions may be turned in direct to this office and the votes will be credited to the contestants designated.

Promptly at 10 o'clock tomorrow night the voting in the first period of the Progress great automobile contest will be declared closed and with the finish of this first division of the big enterprise will come a mighty move in the voting that will, in a large measure, determine the winners of the many splendid and highly valuable prizes offered by the Progress. This time the steadily been looked forward to for the past several weeks by all of the many active and ambitious subscription getters, who are bending every effort towards the winning of the fine Overland automobile as their goal, they have been planning and campaigning during the weeks in such an active manner that these efforts are sure to bring an avalanche of subscriptions and votes before the clock strikes 10 on Saturday evening.

Of course this is not the end of the voting for the finish of the entire contest will come on July 22—just two weeks from tomorrow evening—but in many ways the ending of this first part of the contest will be just as important as the end of the campaign. The principal feature for everyone to keep in mind at this time is that the subscriptions are good for more votes this week than they will be good for at any other time of the contest. We have emphasized this matter and have tried to make it clear to all, for a number of persons have asked us if there would be any change in the voting schedule during the last two weeks of the contest of any offers of greater votes or special votes during that time. To all such inquiries we have given the same answer that the voting schedules as arranged and announced for the two voting periods of the campaign will remain exactly as announced, that there positively will be no offer of a greater number of votes or any alteration of the schedule and that subscriptions of any length will produce a greater number of votes today and tomorrow than at any other time that remains of the contest.

Bonuses and Extensions

In connection with the above it will be well to remember also that there will be considerable reduction in the number of votes issued on the subscription basis during the last period of the voting, as well as the reduction on the regular vote issued on the subscription basis. Starting next Monday the four ballots of the contest of new business will be for 12,000 votes instead of the 15,000 vote that they now give.

N. Y. Authorities Trying to Stamp Out Infantile Paralysis

**Close all Play Grounds and Streets in
Final Effects to Stop Epidemic--22
Deaths are Reported Today**

EIGHTY SEVEN NEW CASES DEVELOP

ALLIES RENEW BIG OFFENSIVE

**Are Victorious in the Day's
Fighting Everywhere.**

(United Press Staff Correspondent)
London, July 7.—The British troops resumed their great offensive against the Germans at dawn today, smashing against the German lines. At La Boisselle 1,000 yards of German trenches were taken.

There was a lull in the fighting on the French front on both sides of the Somme and continued throughout the night, according to French statements and that there were no important changes. The town of Lure was bombarded by German aerial squadrons which killed 11 women and wounded three children. "The French reserve reprisals until later" the war office announced. Germany and Great Britain have agreed to exchange civilian prisoners, dispatches from Copenhagen state.

Germans Abandon Lines

Berlin, July 7.—(By United Press)—The German troops have abandoned several lines in the region of Caumont in Volhynia under attack by superior Russian forces, it was officially admitted today. West of Kolki and on both sides of Sokul, Russian attacks were repulsed with heavy losses.

Severe fighting is going on both north and south of the Somme where the allies have assumed their offensive, the war office announced. Lively engagements occurred south of Comblain near Hem and around the village of Elzevres.

6 cakes Ortolan Soap for 25 cents at the Workman's Cash Grocery.

All Germany Will Honor Count Zeppelin on His 80th Birthday

Amsterdam, July 7.—Count Ferdinand von Zeppelin will enter upon his eightieth year tomorrow and the occasion is to be observed with celebrations in all parts of Germany, according to dispatches from Berlin. Count von Zeppelin himself will have little or no part in the celebration of his birthday anniversary. Since the beginning of the war he has been left the Zeppelin works at Lake Constance, where he has worked almost day and night planning and superintending the building of the huge dirigible balloons which the Germans have employed in their raids on England. How many of these airships have been constructed since the beginning of the war will probably never be known to the public until after the great conflict is ended. It is known, however, that the fleet has steadily increased in number despite the fact that many have met with destruction in the raids on British Isles. There is also evidence to show that the Zeppelins have increased in size and efficiency during the past months. According to recent reports from Berlin the airships now in use will be fifty per cent larger than the Zeppelins now in service. The new ships are a prominent feature in the fighting power and are reported to be capable of carrying a large quantity of explosive material and of being able to fly for long periods of time.

Count von Zeppelin made his first flight in the United States. At 25 years of age, as a lieutenant of cavalry, he was Wurzburg's military attaché and observer with the Union army in the American civil war, joining the army of the Mississippi, or was attached to Gen. Carl Schurz's brigade. It was then that he had his first taste of aeronautics. He went up in a balloon sent up by the Federal army to spy out the positions of the Confederates. Zeppelin not only volunteered, but begged to be permitted to go up. His request was granted and during the remainder of his service with the Federal army he made numerous balloon ascensions.

When he returned to Germany at the close of the American conflict he was imbued with a strong taste for aeronautics and it is said that even at that early day he already dreamed of navigating the air in a dirigible balloon. Many years were to lapse, however, before he could turn the practical execution of his dream. He distinguished himself in the war with Austria in 1866 as he Franco-Prussian war four years later, an officer of a Prussian army regiment.

His command of dollars was not up to many lives were lost because Zeppelin became an accomplished fact. With each successive dirigible he improved the imperfections. Zeppelin's and his friends, among them the Emperor, shared Zeppelin's faith in the ultimate success of his invention. Airship after airship was constructed at great cost, only to meet with destruction after a few days, and some of them on their maiden trip. The spectacular

on the threshold of his eightieth year he is honored by the entire German nation, and his invention is hailed as one of the most effective weapons that Germany has been able to bring to bear on her enemies in the present war.

It is not generally known that Count von Zeppelin made his first flight in the United States. At 25 years of age, as a lieutenant of cavalry, he was Wurzburg's military attaché and observer with the Union army in the American civil war, joining the army of the Mississippi, or was attached to Gen. Carl Schurz's brigade. It was then that he had his first taste of aeronautics. He went up in a balloon sent up by the Federal army to spy out the positions of the Confederates. Zeppelin not only volunteered, but begged to be permitted to go up. His request was granted and during the remainder of his service with the Federal army he made numerous balloon ascensions.

When he returned to Germany at the close of the American conflict he was imbued with a strong taste for aeronautics and it is said that even at that early day he already dreamed of navigating the air in a dirigible balloon. Many years were to lapse, however, before he could turn the practical execution of his dream. He distinguished himself in the war with Austria in 1866 as he Franco-Prussian war four years later, an officer of a Prussian army regiment.

New Peas 10 cents per lb., at the Workman's Cash Grocery.

WANTS SCHOOLS TO TEACH
RESPECT FOR WORKING MEN

New York, July 7.—(By United Press)—The Gary plan of school administration, the obligation of educational systems to union labor and peace had their innings in the discussions of the National Education association meeting here today.

William A. Wirt, superintendent of the city schools of Gary, Ind., discussed the Gary plan as organized in his home city and as administered in twelve of the leading public schools in the Bronx, New York City. The Gary plan, he declared, has extended in some form or other to most of the leading city school systems in the country.

Samuel Gompers, president of the American federation of labor, advocated training in the schools for efficient work and the teaching in the schools of the doctrine of respect for the rights of the man who carries a dinner pail. Dr. John Dewey, professor of education Columbia university, addressed the association on "Nationalizing Education." Simeon D. Fess, member of congress from Ohio, advocated the establishment of a national university at Washington. One of the really belligerent meetings is the meeting of the American school peace league. Fanny Fern Andrews, secretary of the league, insists that public school training must finally make for peace at any price. Delegates to the peace league and prominent educators who are guests at the annual banquet in the Hotel Astor differ as to the educational program to best lead to the establishment of peace with honor.

"The formation of an effective world peace court, so nearly accomplished at the second Hague conference, declared Miss Fern Andrews, 'should be emphasized as an ideal for which the world has hoped and waited.'"

WOMAN'S EXCHANGE

J. 6-2f.

KEEP URIC ACID
OUT OF JOINTSTells Rheumatism Sufferers to Eat
Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

MISSIONARY EDUCATION CONFERENCE

Silver Bay, N. Y., July 7.—The fifteenth annual session of the Silver Bay conference of the Missionary Education opened today with an assembly of clergymen, students, missionaries and Christian people from all the eastern states and Canada. The conference program covers ten days and provides for thirty missionary courses of an hour each day, giving normal training in the history of missions as adapted to different ages and also expert instruction about missionary fields, with particular attention to south America.

WANTED—Male distributors. Good pay. Distribute free samples, tack signs, etc. Send stamp. New York Distributing Co., 295 5th Ave., New York, N. Y. J. 6-6f.

VOTING CLOSE
AND HEAVY IN
GREAT CONTEST

(Continued From Page One)

urday. Every candidate should set his or her aim to get at least five or six of these club ballots during the first period and in fact it is very likely that a number of the candidates will have an even greater number, for the long term subscriptions are coming in now and these together with the extensions on new subscriptions already turned in during the contest will soon make up many of the \$30.00 clubs. The more votes that any candidate secures at this time the better will be their chances of final victory in the campaign and the best efforts put into the work now will not be regretted later on. However those who use halfway measures in their campaigns during these winning days will surely regret neglected opportunities when it is too late. Will you, or your candidate, be one to regret a wasted chance or will it be your portion to celebrate a splendid victory and extraordinary honors when the last ballot is cast and the winners are known?

CLEARFIELD, PENNA.HE'S GOING TO
RETURN TO HIS
WORK, HE SAYS

Arthur Jones is Now Well Man Made
So By Tanlac

Arthur Jones, harness maker, living at 118 E. 17th street, Erie, Pa., made the following interesting statement regarding the remarkable benefits he received from Tanlac, Mr. Jones said:

"I have suffered greatly from stomach trouble, and catarrh of the head and throat. My condition grew so bad that I have found myself in no shape to work for several months."

"I had no appetite and whatever I ate caused gas to form on my stomach and a sickening feeling followed. My nerves were all out of sorts, and I was generally run down, so much so that I couldn't sleep much at night, but have come awake for hours at a time. I could not sleep too, and my condition worried me no little. I saw Tanlac advertised in the papers and heard some friends talking about it. I got some of the medicine and have taken it for about two or three weeks. The first dose of Tanlac helped me and I have improved steadily ever since."

"I can now sleep good at night, I have a good appetite and I suffer no more stomach trouble or catarrh. I am a well man, and I owe it all to Tanlac. I am going to return to my work in a few days. That is what Tanlac did for me."

Tanlac is now sold in Clearfield, exclusively by Woodward & McPherson, where the premier preparation can be had.

NOTICE

Members of Class No. 17, of the M. E. church will meet at the home of Mrs. Millie McCorkle, on Locust street Friday evening, July 7, at 8, to make arrangements for a good, old fashioned basket picnic to be held later. Full attendance is desired.

New Peas 10 cents per lb., at the Workman's Cash Grocery.

WANTS SCHOOLS TO TEACH
RESPECT FOR WORKING MEN

New York, July 7.—(By United Press)—The Gary plan of school administration, the obligation of educational systems to union labor and peace had their innings in the discussions of the National Education association meeting here today.

William A. Wirt, superintendent of the city schools of Gary, Ind., discussed the Gary plan as organized in his home city and as administered in twelve of the leading public schools in the Bronx, New York City. The Gary plan, he declared, has extended in some form or other to most of the leading city school systems in the country.

Samuel Gompers, president of the American federation of labor, advocated training in the schools for efficient work and the teaching in the schools of the doctrine of respect for the rights of the man who carries a dinner pail.

Dr. John Dewey, professor of education Columbia university, addressed the association on "Nationalizing Education." Simeon D. Fess, member of congress from Ohio, advocated the establishment of a national university at Washington. One of the really belligerent meetings is the meeting of the American school peace league. Fanny Fern Andrews, secretary of the league, insists that public school training must finally make for peace at any price. Delegates to the peace league and prominent educators who are guests at the annual banquet in the Hotel Astor differ as to the educational program to best lead to the establishment of peace with honor.

"The formation of an effective world peace court, so nearly accomplished at the second Hague conference, declared Miss Fern Andrews, "should be emphasized as an ideal for which the world has hoped and waited."

WOMAN'S EXCHANGE

The Woman's Exchange will hold its regular weekly food sale Saturday July 8th from one until five o'clock p. m. in the Woman's club house at 325 East Market street. The following articles will be on sale. Home made bread, potatoe buns, pies, angel food, chocolate and nut cakes, potatoe salad, candies and cookies. The sale of beautiful fancy work including a complete line of flit work, infants wear, hand painted china, and place cards and an assortment of fancy and useful aprons is going on daily in the club house from one until five p. m. J. 6-2t.

KEEP URIC ACID
OUT OF JOINTSTells Rheumatism Sufferers to Eat
Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well-known authority. "We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat but drink plenty of good water."

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine (the pores of the skin are also a means of freeing the blood of this impurity). In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent, lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

MISSIONARY EDUCATION CONFERENCE.

Silver Bay, N. Y., July 7.—The fifteenth annual session of the Silver Bay conference of the Missionary Education Movement opened today with an attendance of clergymen, Sunday School superintendents, missionary workers, study-class leaders and Christian young people from all the eastern states and Canada. The conference program covers ten days and provides for thirty missionary courses of an hour each day, giving normal training in the history of missions as adapted to different ages and also expert instruction about missionary fields, with particular attention to South America.

WANTED—Male distributors Good pay. Distribute free samples, tack signs, etc. Send stamp. New York Distributing Co., 295 5th Ave. New York, N. Y. J. 6-6t.

VOTING CLOSE
AND HEAVY IN
GREAT CONTEST

(Continued From Page One)

urday. Every candidate should set his or her aim to get at least five or six of these club ballots during the first period and in fact it is very likely that a number of the candidates will have an even greater number, for the long term subscriptions are coming in now and these together with the extensions on new subscriptions already turned in during the contest will soon make up many of the \$30.00 clubs. The more votes that any candidate secures at this time the better will be their chances of final victory in the campaign and the best efforts put into the work now will not be regretted later on. However those who use halfway measures in their campaigns during these winning days will surely regret neglected opportunities when it is too late. Will you, or your candidate, be one to regret a wasted chance or will it be your portion to celebrate a splendid victory and extraordinary honors when the last ballot is cast and the winners are known?

cery.

All Germany Will Honor
Count Zeppelin on His

(Continued From Page One)

nature of Zeppelin's misfortunes
loomed large in the public mind, and
it was only the German military and
scientific experts who continued to
have faith in his invention.

While the German scientific organs
proclaimed each new Zeppelin a
triumph, the weight of expert opin-
ion in England was on the other side.
At the beginning of the present war
the English were inclined to laugh at
the idea of a Zeppelin raid. The pos-
sibility of such a thing was ridiculed
by even the foremost of English avi-
ation experts, some of them still con-
tended that "a balloon can not be
steered in the air because of the ab-
sence of that denser medium for the
rudder which the water provides in
the case of a ship."

25 cents at the Workman's Cash
Grocery.

A SPECIAL Gossard Corset FOR MOTORING

Since every woman rides in an auto sometime or other, this new
Summer Gossard model is almost a necessity. It was designed to
give you comfort on the longest auto ride you might ever take. It
will not slip up on the body, because it has just enough waist line to
keep it where it belongs. The skirt is not long—the elastics (there
are six of them) are stout and filled with fine rubber. The top of the
corset lets the flesh above the waist line rest in the corset—the bust
line is rather low. Only a long ride in an auto can make you fully
appreciate the comfort and coolness of this special. You would
never know you had a corset on if your figure did not appear so
graceful and well-proportioned.

This model is here in all sizes and we can send yours to you at
once, or you may be fitted if you like at \$3.00.
